PROFILE

RPA Developer with 6 months of internship experience at ICT Academy. Worked on automation projects involving data extraction, Pdf, email automation, and basic RPA development concepts.

EDUCATION

Master of computer Applications

Marian college kuttikanam Autonomous 2024-2026

CGPA:7.5

Bachelor of computer Applications

Marian college kuttikanam Autonomous 2021-2024

CGPA:6.3

Higher Secondary Education

St.joseph Hss peruvanthanam,idukki 2019-2021

86%

Secondary Education

St.Antony's High school mundakayam ,idukki 2018-2019

99%

SKILLS

Languages

Python, Java, C++, PHP, JavaScript,Dart

Frameworks/Libraries

Django, Flask (basic),React.js,Mern

Tools & Technologies

Git ,MySQL, Excel ,RPA

Soft Skills

Team collaboration, Problem-solving, Analytical Thinking

ACADEMIC PROJECTS

RPA-based Placement Monitoring System

- Developed a UiPath RPA bot to read student data from Excel, check placement eligibility based on criteria, and generate PDF reports.
- Automated email notifications to inform students about their eligibility status, reducing manual effort.

RPA Bill Payment Reminder System

- Implemented automated email notifications to send bill payment reminders to users.

Used Products E-commerce Website

- Developed a dynamic web application for buying and selling used products as part of an academic project.
- **Technologies:** Php, MySQL, HTML, CSS, JavaScript

Vocal sight- Ai Assitant

- A Flutter application focuses on guiding visually impaired users in their daily activities using voice commands.
- **Technologies:** Flutter, Dart, Speech-to-Text API, Text-to-Speech, Firebase/SQLite, and Accessibility APIs.

IoT – Smart Home Motion Detection System

- Developed an IoT-based home security system that detects human motion and instantly sends an alert message to the user's Telegram account.
- Utilized Arduino Uno, PIR sensor, and IoT integration for real-time motion detection and notification
